for Inverter Package Series

Models: GCSHPM060IN, GCSCAM060GN, GCSBLM014, GCSHPM048IN, GCSCAM048GN, GCSBLM013

This non-transferable warranty provides a **5 year limited labor warranty** and **10 year parts warranty**.

This warranty applies to all units installed in owner-occupied residences, multi-family residences, and limited commercial applications.

The unit models listed above are warranted by "MRCOOL" against defects in materials and workmanship under normal use and maintenance, as provided below:

To the original owner, MRCOOL provides a non-transferable warranty period of ten (10) years on all parts and five (5) years of limited labor for any necessary repairs. Installation must be performed by a professional. However, our warranty does not cover installation. Our labor warranty covers repairs due to manufacturing defects only. The warranty on all labor and parts belongs to the original owner given the following conditions and limitations:

This warranty **DOES NOT** continue after the unit is removed from the location where it was originally installed. If the unit **IS** removed from the location it was originally installed, the **WARRANTY WILL BE VOIDED**.

This warranty **DOES NOT** apply to, and no warranty is offered by MRCOOL on any unit that **IS NOT** purchased from an authorized dealer. If this unit **IS** purchased from an unauthorized dealer, the **WARRANTY WILL BE VOIDED**.

This warranty **DOES NOT** apply to, and no warranty is offered by MRCOOL on any unit installation that **DOES NOT** obey all applicable federal, state, and local codes, and any policies and licensing requirements. If this unit **IS** installed **WITHOUT** complying with all codes and any policies and licensing requirements, the **WARRANTY WILL BE VOIDED**.

The warranty period **DOES NOT** apply to any unit that is installed with used, incompatible, and/or unapproved parts. If a used, incompatible, and/or unapproved part **IS** used, the **WARRANTY WILL BE VOIDED**.

The parts and compressor warranty period begins on the date of the original installation. The labor warranty starts on the ninety first (91) day following the date of original installation. If that date cannot be verified, the warranty period begins three (3) months after the month of purchase. As its only responsibility, and your only remedy, MRCOOL will furnish a replacement part, without charge for the part, to replace any part that is found to be defective due to workmanship or materials under normal use and maintenance. If its found and verified that the defective part is due to a manufacturing defect, and it occurs while the unit is within the 5 year limited labor warranty, the labor cost associated with replacement of the part will be covered by the limited labor warranty. For warranty credit, a state or province certified or licensed contractor must return the defective part to a MRCOOL heating and air conditioning products distributor. Any part replaced pursuant to this warranty is warranted only for the unexpired portion of the warranty term of the original part.

This warranty **DOES NOT** apply to freight, maintenance, or system diagnostics, or any other cost associated with the operation of the unit. MRCOOL will not pay for electricity or fuel costs, or increases in electricity or fuel costs, for any reason, including additional or unusual use of supplemental electric heat.

Limit of Liability: Under this limited warranty, all claims for labor costs for repairs of the product, when added together, shall not exceed the purchase price of the product less taxes. If the labor repair estimate exceeds the purchase price of the product, less taxes, then MRCOOL could choose either 1) to replace the product with a new, rebuilt, or refurbished product with equivalent or similar features and functionality ("replacement product") OR 2) to require the customer to pay the cost of repairs exceeding the purchase price of the product, less taxes. The limited warranty shall only cover 1) up to the cost of the purchased product or 2) one replacement product per original owner for the total warranty period. For more details on Limit of Liability, please call (844-518-2040)

MRCOOL **IS NOT** responsible for any of the following:

1. Damage or repairs required as a consequence of faulty installation or application.
2. Damage as a result of floods, fires, winds, lightning, accidents, corrosive atmosphere or other conditions beyond the control of MRCOOL.
3. Damage or repairs required as a result of the use of components or accessories not compatible with this unit.
4. Units installed outside the United States or its territories, or Canada.
5. Normal maintenance as described in the installation and operating manual, such as cleaning of the coils, filter cleaning and/or replacement, and lubrication.
6. Parts or accessories not supplied or designated by MRCOOL.
7. Damage or repairs required as a result of any improper use, maintenance, operation or servicing.
8. Damage or failure to start due to interruption and/or inadequate electrical service.
9. Any damage caused by frozen or broken water pipes in the event of equipment failure.
10. Changes in the appearance of the unit that do not affect its performance.
11. Replacement of fuses and replacement or resetting of circuit breakers.
12. Units operated in incomplete structures.
13. Damage or repairs required as a result of the use of used or recycled refrigerant.
